Phone: (07) 3337 5400 Ext 463  
Mobile: 0431 185 881  
kalpalatai@mdaldt.org.au

**Overview:**

MDA and DW are pleased to invite you to a CEO breakfast event as part of the NDIS Sector Development – Provider Readiness (CALD) project.

This project aims to increase sectoral understanding of CALD people with disability and to support the development of CALD disability service options in QLD. A key focus of the project is to improve existing business capacity of services and create opportunities for a range of organisations to deliver culturally appropriate supports and services in an NDIS environment.

Aimed at Leaders in the Disability and Community sectors (CEOs and Senior Management), this breakfast event is an opportunity to hear further about the project and find out ways in which your organisation could benefit from the supports being offered through the project (including, training for key staff and personnel; suite of resources as well as the opportunity to secure a one-on-one consultancy on ways to enhance organisational capacity to deliver services to CALD communities under the NDIS).
